Summary:

Literally just memes group chats and vines

Also better hairstyles

So no more mullet for Billy

NOTE: Lucas's chat name is "Chocolate Daddy." I did this because Caleb McLaughlin, who plays Lucas, called himself that in an interview one time. I realize now that it sounds so bad out of context, but I promise you I was not doing it because I am racist, I am definitely not a racist.

Edit: Yeah so. This is Very Bad and Not Good, and I wrote this like 4 years ago and I realize it's super cringey. I would delete it, but my friend wants me to keep it up. Anyways, idk if I'll ever update it, maybe if i'm feeling ballsy.

EDIT EDIT: yeah so i also realize some of the characters might be out-of-character. This is because I am an idiot and had my own versions

of each character.
